HAS on hand and for sale various
sized surf boats, constructed on
an improved principle of my own in-

across the keel. The frames are closer
together, and the boats are therefore
lighter and less liable to bilge in, than
boats of any other build. Each side
plank and gunwale is in one piece from
stem to stern, and is consequently not
liable to strain, there being no midship
butts. The material and workmanship
are warranted to be of the best quality.

Mr. Robert Lewers, of Lewers &

STATEMENT.

THE undersigned, a Committee of Di-
rectors of the Equitable Life As-
surance Society of the United States,
appointed to formulate the views of the
Board on the advantages offered by the
Society to the public, report:—

1st—The Society issues all the approv-
ed forms of assurance, including Ordinary
Life, Endowment and Tontine po-
licies. It is immaterial to the Directors
which form of policy is taken by in-
tending assurers.

2d—The Life and Endowment forms
of policy provide for annual cash divi-
dends and a surrender value; are indis-
putable after three years and payable
immediately after proof of death.

3d—The premiums on a Tontine po-
licy are the same as on the Ordinary
Life, but while the latter is only pay-
able in the event of death, the holder of
the Tontine policy has the right to draw
the whole of the reserve and the accumu-
lated profits in cash at the end of a
stated period; thus, during his own life-
time, after his producing years are past,
he can, without any larger premium
than on an ordinary policy, secure these
greater advantages.

4th—Experience shows that the return
paid in cash on maturing Tontine po-
licies approximates to or exceeds the
amount of premiums paid by policy-
holders, so that the average cost of the
assurance will be only about the interest
on the premiums.

5th—Tontine policies, like others, are
paid in full in the event of death at any
time during the term of the policy, and
are incontestable after three years, and
payable immediately after due proof of
death.

6th—Experience shows that the mor-
tality is lower among Tontine policy-
holders, as the better lives seek this
kind of assurances, which is a consid-
erable source of profit.

7th—Tontine policies will be made
non-forfeitable under the laws of the
State, if so desired at the time the as-
surance is effected.

8th—The Tontine system is fair and
just; its accounts are accurately kept,
separate from all other business, the
funds judiciously invested and improv-
ed, and the accumulated profits faith-
fully guarded and properly apportioned.

9th—The Society has since its organi-
zation transacted a larger amount of
new business than any other company,
while its new business for the first half
of the present year is \$1,759,000 larger
than that of the first half of 1884. It
has Assets of \$60,000,000; over \$14,000,-
000 of Surplus, and its ratio of Surplus
to Liability is greater than that of any
other company.
